## Interfaith Café

An initiative to promote dialogue and understanding between communities, generations, believers, agnostics and atheists.

Imagine a comforting, benevolent, safe space, where conversations are respectful, where we take an interest in each other in a sincere spirit of learning, to get to know each other better, to understand each other better, to build a harmonious life together, rich in our diversity of faiths, beliefs, convictions...

Interfaith Café's ambition is to make this dream an on-going reality, with creative participation from all!

First meeting: Tuesday 5 December 18h00
